

# High-voltage battery

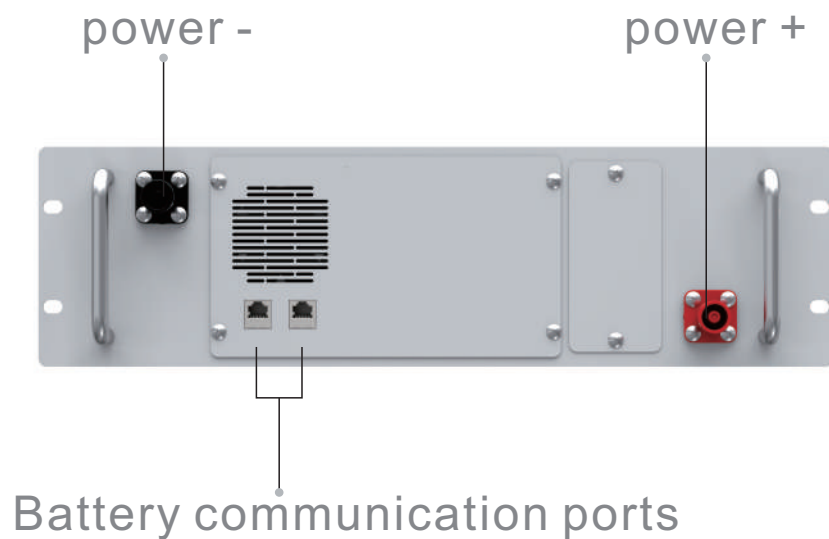

**Hi-Max**

# DESIGN

- ① Battery
  - ② Center management Cabinet
  - ③ Cooling fan
- 

# Multiple capacity options

From 153.6V to 819.2V

- \* Compact size, higher capacity \*
- \* Quick installation, quick connection \*

Cycle Life

# Full safety

- ★ SPCC housing material
- ★ BMS management

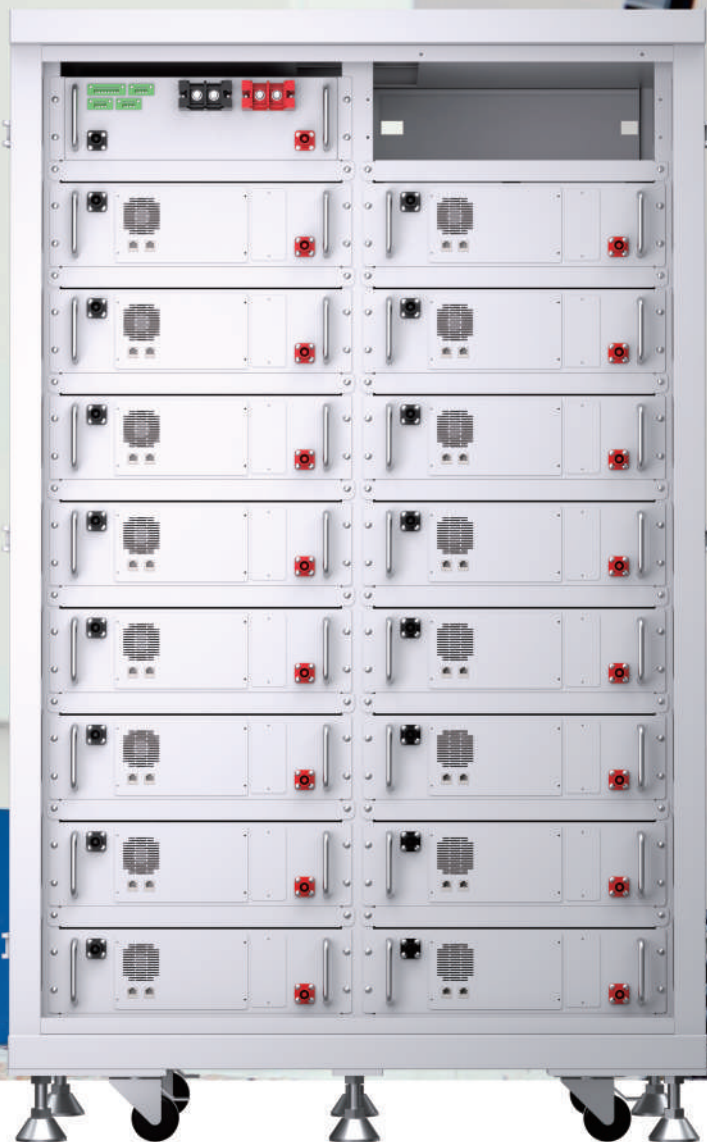

# Full Protection

- ◆ Over Charge Protection
- ◆ Electric leakage protection
- ◆ Over temperature protection
- ◆ Short Circuit Protection

# EV Charging

- ◇ 81.92kwh battery charge 2 times for a car from 0 to full

# Commercial & Industrial application

Supports most of inverters on market ◇  
Be compatible to high voltage inverter ◇

Supermarket

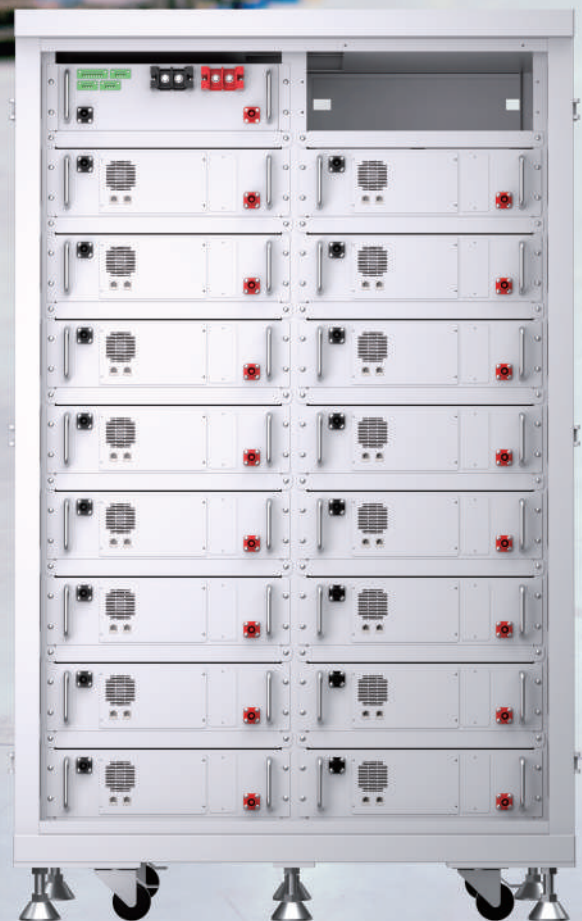

Hospital

Office
